

GLOBAL LEADERSHIP SUMMIT:  
CREATING A SUSTAINABLE FUTURE

## Leadership Conference, Bologna, Florence & Rome

Farm-to-table may be buzzworthy in the United States, but Italy has always been a leader in the art of fresh, regional cuisine. Start your journey in Berlin, where you'll come together with other students and teachers to explore innovative solutions for *Creating a Sustainable Future*. Then, consider the positive environmental, nutritional, and economic impacts of sourcing local and organic ingredients as you travel through picturesque Italy. Visit historic sites, learn about sustainable agriculture, and eat gelato everywhere in between.

13 DAY TOUR: JULY 13–25, 2023

# Creating a Sustainable Future

Our world is constantly changing, along with our priorities, our plans, and our future. When it comes to building a sustainable future, what we do today matters. The first step? Defining what sustainable living means for you—whether it's promoting peace and justice, protecting education and the environment, or preserving language and culture. Our 2023 Global Leadership Summit will explore the importance of *Creating a Sustainable Future* and the power we have to create long-term change through our daily actions. Sound big? It is.
